- Screw Terminal Connections and RJ-11 Plug
- TB-593 is UL Listed • Motor Driven
- Tamper Resistant Volume Control

**BADGER PART NUMBER:**
TB-592 • 6” Shell 18-30 VAC/DC

![TB-592](image)

**MTH-24**

**Multitone Horn**
- Functions as a Telephone Extension Alert Using a Pulsed Warble Tone Activated by the Telephone Systems Interrupted or Continuous Dry Contact Closure
- Functions as an Auxiliary Alert Using a Steady Tone which follows the Contact Closure of a Door Service Push-Button, Time Clock, Alarm Systems, etc.
- If Both Alerting Tones Activated, Steady Tone will take Priority
- Built in 10 Watt Amp, Electronic Dual Tone Generator (Steady or Warble), Timer and Volume Control
- 117 dBA @ 1 Meter • Universal Mounting Bracket
- Includes RPS-2406, 24 VDC, 600 mA Power Supply

**BADGER PART NUMBER:**
MTH-24

![MTH-24](image)

**UTA-1**

**Universal Telephone Alert**
- UL Standard 1950 Approved and ADA Compliant
- 4 Sound Patterns: Horn, Bell, Vibrating Chime, Chime
- Choice of 4 Operating Voltages
- High Output 109dB Piezo Speaker
- Low Current Draw and REN
- Tamper Resistant Volume Control
- Dip Switch Selectable
- Complies with FCC Part 68, CSA C22.2 and IC CS-03

**BADGER PART NUMBER:**
UTA-1

![UTA-1](image)

**UTA-WH-VPS**

**Universal Telephone Alert with Strobe**
- Includes High Intensity 15 Candela Flashing Strobe
- Weather Resistant Backbox for Outdoor Use
- Requires 115 VAC Power for Strobe and Piezo Operation and Telephone Ring Trigger Voltage for Activation
- Line Cord Purchased Separately

**BADGER PART NUMBER:**
UTA-WH-VPS

![UTA-WH-VPS](image)

PS TeleStrobe
- Powered by 115 VAC or Telephone Analog Line Ring Voltage
- Includes a 115 VAC Power Cord
- Bright 70,000 Candlepower Flash (15 Candela)
- Designed for Analog Phone Lines
BADGER PART NUMBER: PS-15A-WPW

PS-33A-WPW
PS Telestrobe
- AC or DC Powered
- Designed for Low Voltage Connection
- Bright 70,000 Candlepower Flash (15 Candela)
- Designed for Analog Phone Lines
- Easily Mounts to Interior Surfaces
BADGER PART NUMBER: PS-33A-WPW

Multi-Function Communication System
- Supervised Paging, Messaging, Background Music and Emergency Voice Evacuation System
- 24 VDC Battery Backup Circuitry
- Single Channel with 40 Watts Supervised Audio Power
- 2 Amps of Supervised 24 VDC Synced Strobe Power
- 8 Standard Messages
- Batteries Not Included, 2 Required
- UL, NFPA and ADA Compliant
BADGER PART NUMBER:
SP40S-80 Red
SP40S-80-B Black

6 & 8 Amp Power Supply Chargers
- 4 Class B, 2 Class A circuits
- UL 864, 9th Edition
- Distinguishable Ground Fault Diagnostics
- Integrated Synchronization Bus
- True Input Follower Mode
- WH-PS8 is Larger Chassis for control modules
- Can be used with Multi-Function Communication System SP405/SP40S-B
BADGER PART NUMBER:
PS-6
PS-8

320 Watt
Power Booster
- 320 Watt Supervised Audio Power Booster
- (4) 80 Watt Circuits
- Batteries Not Included, 4 Required
BADGER PART NUMBER: SPB-320

160 Watt Power Booster
- 160 Watt Supervised Audio Power Booster
- (2) 80 Watt Circuits • Available in Black or Red Enclosure
- Batteries Not Included, 2 Required
BADGER PART NUMBER: SPB-160

80 Watt Power Booster
- 80 Watt Supervised Audio Power Booster w/4 Amps of Supervised and Synchronized Strobe Power
- (2) 2 Amp Circuits • Available in Black or Red Enclosure
- Batteries Not Included, 2 Required
BADGER PART NUMBER:
SPB-80-4 Red
SPB-80-4-B Black

SAFEPATH Speaker Audio Splitter
- Supervised 2-Zone Class A or 4-Zone Class B Speaker Audio Splitter for the SP405 or Boosters
BADGER PART NUMBER: SP4Z-A-B

Supervised Volume Control
- For Use with UL Listed Life Safety Applications
- Operates in Class A or Class B Wiring
- Requires a Double Gang 3.5” deep back box
- UL Standard 864 and CSFM Listed
- OSHA 1910.165 and ADA Compliant
- Max RMS Current 10.0mA
BADGER PART NUMBER: SP-SVC

View our searchable electronic catalog at: www.badgercommunications.com
**STH Cluster Speaker w/ MCCH Multi-Candela Strobe**
- Supervised Speaker Strobe w/(4) STH-15SR Horns and (1) RSS-24MCCH with 115/177 CD Ceiling Strobe
- Mounted to (1) MNEMA Steel Enclosure
- Available w/No Lettering
- Available in 2 and 3 Horn Configurations
- Available in Colored Strobe Configurations

**BADGER PART NUMBER:**
STH-4R24MCCH-NR

---

**Supervised Speaker Strobe**
- Supervised Speaker Strobe w/(4) STH-15SR Horns and (1) RSS-24MCCH with 115/177 CD Ceiling Strobe
- Mounted to (1) MNEMA Steel Enclosure
- Available w/No Lettering
- Available in 2 and 3 Horn Configurations
- Available in Colored Strobe Configurations

**BADGER PART NUMBER:**
STH-4R24MCCH-FR

---

**Supervised Horn Loudspeaker**
- Supervised, Weatherproof 15 Watt Horn
- Loudspeaker w/Transformer 25 or 70 Volt Line
- Field Selectable 0.9 to 15 Watts

**BADGER PART NUMBER:**
- STH-15S: Grey
- STH-15SR: Red
- SHMP-R: Adapter Plate

---

**Wall Mount Speaker Strobes**
- Sleek Aesthetic Appearance for Emergency Voice/Alarm
- Mount to 4” x 2.125” deep back box w/no extension ring
- Max output at Minimum wattage
- Field selectable taps from 1/8 to 2 Watts
- Strobes Sync with Sync mods or Power Supplies w/built-in Sync Protocol
- Selectable 25 or 70 Volt Line
- Multi-Candela Strobe - 15/30/75/110 or 135/185 (wall mount)

**BADGER PART NUMBER:**
- E50-24MCW-FR
- E50-24MCW-FW
- E50-24MCWH-FR
- E50-24MCWH-FW

---

**Ceiling Speakers**
- Selectable 25 or 70 Volt Line
- Field Selectable Taps from 1/8 to 2 Watts
- Extension Ring Available
- 4” Speaker

**BADGER PART NUMBER:**
- E60-R: Red Speaker
- E60-W: White Speaker
- E60EXT-R: Red Speaker, with extension ring
- E60EXT-W: White Speaker, with extension ring

---

**Ceiling Speaker Strobes**
- Strobes produce 1 flash per second
- 24 VDC with wide UL “Regulated Voltage” using filtered DC or unfiltered VRMS input, terminals using #12 to #18 AWG wires
- Selectable 25 or 70 Volt Line • Extension Ring Available
- Multi-Candela Strobe - 15/30/75/95 or 115/177cd
- 4” Speaker

**BADGER PART NUMBER:**
- E60-24MCC-FR
- E60-24MCC-FW
- E60-24MCC-FR
- E60-24MCC-FW

---

**Wall-Mount Speakers**
- Sleek Aesthetic Appearance for Emergency Voice/Alarm
- Mount to 4” x 2.125 deep back box w/no extension ring
- Max output at Minimum wattage
- Selectable 25 or 70 Volt Line

**BADGER PART NUMBER:**
- E50-R: Wall mount speaker, red
- E50-W: Wall-mount speaker, white

EXPLOSION PROOF & HAZARDOUS LOCATION APPLIANCES

Series XB11
29 Candela Strobe
For use in potentially explosive gas and dust atmospheres and harsh environmental conditions. The glass reinforced polyester enclosures are suitable for use offshore or onshore, where light weight combined with corrosion resistance is required.
  • NEMA 4x and 6, IP66 & 67
  • 24 VDC and 110 & 240 VAC
  • Certified Temperature: -67°F to 158°F
  • 4 wire monitored connection
  • Output 29 cd
  • Approvals: UL, cUL for Class 1, Div 2, Groups C & D
BADGER PART NUMBER:
XB11UL02406CNBNNR
XB11UL02406RNBNNR
XB11UL10006ANBNNR
XB11UL10006RNBNNR

Series DB3
Up to 108dBA Horn
Flameproof sounders is intended for use in potentially explosive gas and dust atmospheres and designed with high ingress protection to cope with the harsh environmental conditions found offshore and onshore in the oil, gas and petrochemical industries
  • NEMA 4x and 6, IP66 & 67 • Integral volume control
  • Up to 108dBA output at 10' • Certified Temperature: -67°F to 158°F
  • 4 wire monitored connection • 12, 24 & 48 VDC
  • 27 output tones, user selectable
  • Approvals: UL, cUL for Class 1, Div 2, Groups A, B, C & D
BADGER PART NUMBER:
DB3UL048N2CRZ
DB3UL110N2CRNZ

Series XB16
Strobe Warning Light
Listed strobes designed for use in potentially explosive atmospheres and harsh environmental conditions. The enclosures are suitable for use offshore and onshore, where light weight combined with corrosion resistance is required.
  • NEMA 4x and 6, IP66 & 67 • 24 and 48 VDC
  • 110, 120, 240 and 254 VAC
  • Certified Temperature: -67°F to 158°F
  • 4 wire monitored connection
  • 285 Candela
  • Approvals: UL 1971, cUL for Class 1, Div 2, Groups A, B, C, D
BADGER PART NUMBER:
XB16UL02460RYNN
XB16UL12060AYNN
XB16US02460CYNR

Series DB4
Up to 25 Watts Speaker
Intended for use in potentially explosive gas and dust atmospheres, has a power rating of up to 25 watts and is suitable for use in all gas groups including hydrogen.
  • NEMA 4x and 6, IP66 & 67 • Integral volume control • Transformer
  • 109dB at 25 watts at 10' • Certified Temperature: -67°F to 158°F
  • 8, 15 and 25 watt versions • Power tappings, via integral
  • Approvals: UL, cUL for Class 1, Div 2, Groups A, B, C & D
BADGER PART NUMBER:
DB415ULXN2CRZ
DB425ULXN2CRZ

EXPLOSION PROOF & HAZARDOUS LOCATION APPLIANCES

Strobe Horn Combination Unit
Mounted on a sturdy, drilled, painted, stainless steel plate, the units are pre-wired as standard such that a single input operates both the sounrer and strobe simultaneously.
- IP66 & 67, NEMA 4x and 6
- Strobe available as Xenon, filament, fluorescent or LED
- Horn: Up to 115dBa output at 1 meter
- Certified Temperature: -67°F to 158°F
- Approvals: XB11/DB3: cUL for Class 1, Div 1, Groups C & Z
  - XB11/D4: UL, cUL for Class 1, Div 2
BADGER PART NUMBER:
XB11-DB3-RR
XB11-DB3-CR

Series SM87 PBL
Call Point
Designed for the most arduous environmental conditions. The units are both easy to install and maintain.
- NEMA 4x and 6, IP66 & 67
- Certified Temperature: -67°F to 158°F
- Marine grade alloy
- Robust yet lightweight
- Easy to maintain
- Approvals:
  - Class 1, Div 1, Groups C & D
  - Class 1, Zone 1
BADGER PART NUMBER:
SM87PBLAUL3T3B3NN

Series BG and PB
Call Points
Manual fire alarm call points designed for use in hazardous locations and harsh environmental conditions. The Glass Reinforced Polyester (GRP) enclosures are suitable for use offshore or onshore, where light weight combined with a high level of corrosion resistance is required.
- NEMA 4x, 6, IP66 & 67 • Retained stainless steel cover screws
- Certified Temperature: -13°F to 131°F
- In line and end of line resistors fitted
- Optional LED to indicate operation
- Approvals: UL listed for USA and Canada
BADGER PART NUMBER:
PBL4GC6C4DSN7R

Series MPS - MPS-400X
Manual Pull Station
- High quality, die-cast metal manual alarm station
- Marine and NEMA 4x ratings
- DPDT alarm contacts
- Terminal Connections
- Key lock reset
- ADA Compliant
- UL listed for use in hazardous locations
BADGER PART NUMBER:
MPS-400X

AUDIBLE STROBE NOTIFICATION APPLIANCES

Series Exceder LED Horn Strobe
- Industry’s Lowest Current Draw
- Energy Efficient & Environmentally Friendly
- Low-Profile Design
- Easy-to-Install
- Mounting: Wall
- dBA Rating: 90 or 95
- Voltage: 24 VDC
- Strobe Candela: 15/30/75/110
- Approvals: UL, ULC, CSFM
BADGER PART NUMBER:
LHSW

Series Exceder LED Horn Strobe
- Industry’s Lowest Current Draw
- Energy Efficient & Environmentally Friendly
- Low-Profile Design
- Easy-to-Install
- Mounting: Wall
- Voltage: 24 VDC
- Strobe Candela: 15/30/75/110
- Approvals: UL, ULC, CSFM
BADGER PART NUMBER:
LH5R

Series Exceder LED Strobe
- Industry’s Lowest Current Draw
- Energy Efficient & Environmentally Friendly
- Low-Profile Design
- Easy-to-Install
- Mounting: Wall
- Voltage: 24 VDC
- Strobe Candela: 15/30/75/110
- Approvals: UL, ULC, CSFM
BADGER PART NUMBER:
LSTW

SIP-T49G
- 8” 1280 x 800 capacitive touch screen IPS LCD • Full-HD 1080p30 video call
- 2 mega-pixel HD camera with privacy shutter • HD Voice: HD handset, HD speaker
- Built-in Bluetooth 4.0+ EDR for headsets and pairing mobile devices
- Built-in Wi-Fi (Dual-band: 2.4GHz & 5GHz, 802.11a/b/g/n) • Dual-port Gigabit Ethernet
- HDMI output for connection to monitor • 2xUSB ports, 2.0 compliant, 3.0 compliant for camera/USB3.0 cable
- Supports 16 VoIP/SIP accounts • 3-way video conference, 5-way audio/video mixed conference
- Onscreen keyboard, 29 one-touch DSS keys • Caller ID with name, number and photo
- BLF, DND, Intercom, Call hold, One-touch speed dial • Dial plan, XML Browser, action URL/URI
BADGER PART NUMBER:
SIP-T49G

SIP-T23G
Enterprise HD IP Phone
- HD Voice: HD handset, HD speaker • 132x64-pixel graphical LCD • Supports 3 SIP accounts
- Dual-port Gigabit Ethernet, Power over Ethernet (PoE) support • Local 3-way conference • Dual-color LEDs
- Headset, Wall mountable • IPv6 support • Paper label free design • BLF, DND, Intercom, Call recording
- XML/LDAP remote phonebook
BADGER PART NUMBER:
SIP-T23G

SIP-T27G
Business SIP Phone
- HD voice: HD handset, HD speaker • Yealink Optima HD voice • 3.66” 240x120-pixel graphical LCD with backlight
- Up to 6 SIP accounts • 3-way conference call • Paper label free design • PoE support • Headset, EHS support
- Supports expansion modules • Dual-color (red or green) illuminated LEDs for line status information
- LED for call and message waiting indication
BADGER PART NUMBER:
SIP-T27G

SIP-T29G
Enterprise HD IP Phone
- Yealink Optima HD voice: HD handset, HD speaker • Dual-port Gigabit Ethernet • 16-bit depth color
- 4.3” 480 x 272-pixel color display with backlight • Built-in a USB port, support Bluetooth headset through USB Dongle
- Supports 16 VoIP/SIP accounts • 3-way conference • Paper label free design • Power over Ethernet (PoE) support
- Headset, EHS support, Wall mountable • Supports expansion modules
- Stand with 2 adjustable angles • BLF, DND, Intercom, Call recording • XML Browser
BADGER PART NUMBER:
SIP-T29G

SIP-T40P
Business IP Phone
- Revolutionarily new design • Yealink Optima HD voice: HD handset, HD speaker • 3 line keys with LED
- 2.3” 132x64-pixel graphical LCD with backlight • Supports 3 VoIP/SIP accounts • 3-way conference
- Paper label free design • Power over Ethernet (PoE) support • Headset, EHS support, Wall mountable
- Integrated stand with 2 adjustable angles • BLF, DND, Intercom, Call recording • XML/LDAP remote phonebook
BADGER PART NUMBER:
SIP-T40P

SIP-T41P
Ultra-elegant IP Phone
- Revolutionarily new design • Yealink Optima HD voice: HD handset, HD speaker
- 2.7” 192x64-pixel graphical LCD with backlight • Dual-color (red or green) illuminated LEDs for line status information
- Intuitive user interface with icons and soft keys • Supports 6 VoIP/SIP accounts • 3-way conference
- Paper label free design • Power over Ethernet (PoE) support • Headset, EHS support, Wall mountable
- Integrated stand with 2 adjustable angles • BLF, DND, Intercom, Call recording • XML/LDAP remote phonebook
BADGER PART NUMBER:
SIP-T41P
VoIP PRODUCTS

SIP-T41S
Ultra-elegant SIP Phone
- HD voice: HD handset, HD speaker • 2.7” 192x64-pixel graphical LCD with backlight • Opus* codec support • USB 2.0
- Headset, EHS support • T4S Auto-P template unified • T4S firmware unified • PoE support • Up to 6 SIP accounts
- Paperless label design • Integrated stand with 2 adjustable angles • Wall mountable
BADGER PART NUMBER:
SIP-T41S

SIP-T42S
Reliable and Affordable SIP Phone for Business
- HD voice: HD handset, HD speaker • 2.7” 192x64-pixel graphical LCD with backlight • Up to 12 SIP accounts
- Paperless label design • PoE support • Headset, EHS support • Integrated stand with 2 adjustable angles
- Wall mountable • 3-way conference call • Dual-color (red or green) illuminated LEDs for line status information
BADGER PART NUMBER:
SIP-T42S

SIP-T46S
Revolutionary SIP Phone for Enhanced Productivity
- HD voice: HD handset, HD speaker • 4.3” 480 x 272-pixel color display with backlight • USB recording
- Up to 16 SIP accounts • Dual-port Gigabit Ethernet • Wi-Fi via WF40 • Bluetooth via BT40 • Paperless label design
- PoE support • Headset, EHS support • Supports expansion models • Stand with 2 adjustable angles
BADGER PART NUMBER:
SIP-T46S

SIP-T48S
Revolutionary SIP Phone with a 7-inch Touch Screen
- HD voice: HD handset, HD speaker • 7” 800 x 480-pixel color touch screen with backlight • Up to 16 SIP accounts
- Dual-port Gigabit Ethernet • Wi-Fi via WF40 • Bluetooth via BT40 • Paperless label design • USB recording
- PoE support • Headset, EHS support • Supports expansion models • Stand with 2 adjustable angles
BADGER PART NUMBER:
SIP-T48S

SIP-T21P E2
Business IP Phone
- Yealink HD Voice: HD handset, HD speaker • 132x64-pixel graphical LCD with backlight, 5-line data display
- Two-port 10/100M Ethernet Switch • Supports 2 VoIP/SIP accounts • Local 3-way conference
- Power over Ethernet (PoE) support • Headset, Wall mountable • 2 line keys with LED
- BLF, DND, Intercom, Call recording • XML/LDAP remote phonebook
BADGER PART NUMBER:
SIP-T21P E2

SIP-T19P E2
Business IP Phone
- 132 x 64-pixel graphical LCD • Single VoIP account • Two-port 10/100 Ethernet Switch, Power over Ethernet (PoE) support
- Full-duplex speakerphone • Headset, Wall mountable • XML remote phonebook
BADGER PART NUMBER:
SIP-T19P E2

VoIP PRODUCTS

W56P
• High-end ID design • Exceptional HD sound with wideband technology • Up to 4 simultaneous voice calls
• Up to 5 DECT cordless handsets • Up to 5 Multiple Lines • 2.4” 240 x 320 color screen with intuitive user interface
• Up to 30 hours talk time, Up to 400 hours standby time • Quick charging: 10 mins charge time for 2 hours talk time
• Support USB charging • Headset connection via 3.5 mm jack • Charger wall mountable • New belt clip with better user experience
BADGER PART NUMBER: W56P

W56H
• Exceptional handsfree talking • 2.4” 240 x 320 color screen with intuitive user interface • Headset connection via 3.5 mm jack
• Up to 30 hours talk time • Up to 400 hours standby time • Elegant keypad design with illumination and keypad lock
BADGER PART NUMBER: W56H

W52P
• Exceptional HD sound with wideband technology • Up to 4 simultaneous external calls • OTA (Over-the-Air) update
• Up to 5 DECT cordless headsets • Up to 5 VoIP accounts • 1.8” color display with intuitive user interface
• 10 hours of talk time, 100 hours of standby time • Integrated PoE (Class 1) • Desktop or wall mountable
BADGER PART NUMBER: W52P

W52H
• Cordless handset that can be paired with W52P DECT base station • Exceptional HD sound with wideband technology
• 1.8” color display with intuitive user interface • 3-way conference • Keypad lock, emergency call
• Phonebook search/input/export • 11 hours talk time, 120 hours of standby time
• Integrated PoE (Class 1) • Desktop or wall mountable
BADGER PART NUMBER: W52H

RT10
• Up to 6 repeaters per base station • Automatic handover of calls between calls • 2 simultaneous calls per repeater
• Automatic registration method • Supports W52P
• Additional coverage between base station and handset, up to 50m indoors and 300m outdoors
BADGER PART NUMBER: RT10

VoIP CONFERENCE PHONES

CP860
Professional IP Conference Phone
• Optima HD voice, Full duplex technology • 10-feet and 360 degree voice pickup
• 2xOptional expansion microphones for wider reception • 320ms echo cancellation, Background noise suppression
• Power over Ethernet (PoE) support • Connect to a mobile phone or PC for conference calls
• 192x64-pixel graphical LCD with backlight • Single VoIP account • 5-way conference • USB port, Call recording
• Caller ID with name, number • BLF, DND, Intercom, Multicast paging
BADGER PART NUMBER: CP860

CPE80
Yealink Expansion Audio Conference Phone
• Optima HD voice, Full duplex technology • 10-feet (3-meters) 60°H voice pickup
• Capacitive mute touchpad with bicolor LED • Echo cancellation • For use with Yealink CP860
BADGER PART NUMBER: CPE80

VoIP Product Modules and Accessories

EXP38
IP Phone Expansion Module
- 38 programmable keys with dual color LEDs
- Supports speed dial, BLF/BLA, intercom, direct pickup, group pickup, conference, hold, transfer, group listening, call return, voicemail
BADGER PART NUMBER: EXP38

EXP39
IP Phone Expansion Module
- 160 x 320 graphic LCD • 20 physical keys each with a dual-color LED
- 20 additional keys through page switch • Supports BLF/BLA, speed dialing, call pickup, etc.
BADGER PART NUMBER: EXP39

EHS36
IP Phone Wireless Headset Adapter
- Supports Yealink SIP-T28P & SIP-T26P • Fully compatible with Jabra and Plantronics wireless headsets
- 1x RJ-12(6P6C), 1x RJ-45(8P8C) & 1x 3.5mm output port
BADGER PART NUMBER: EHS36

YHS32
Headset supporting MIC noise cancelling
- 1x RJ9 headset jack, QD Adapter • 330° adjustable microphone boom
- Compliant with the full range of Yealink IP phones
BADGER PART NUMBER: YHS32

BT40
Bluetooth® USB Dongle
- V4.0 HS system • Enhanced Data Rate (edr) compliant for both 2Mbps and 3Mbps
- A2DP technology • Wideband audio support • 32 feet operating distance
- Answer and terminate calls through Bluetooth® headset
- Multipoint technology for connecting with 4 Bluetooth® devices at once
- Range Frequency 2.402GHz-2.480GHZ • Built in security features
BADGER PART NUMBER: BT40

EXP40
Yealink Expansion Module
- Rich visual experience with 160 x 320 graphic LCD • 20 physical keys each with dual-color LCD
- 2 independent control keys are used for fast switch pages
- Stand with 2 adjustable angles and is wall mountable
BADGER PART NUMBER: EXP40

DECT 6.0 LINK-TO-CELL BLUETOOTH® CONVERGENCE

Use your cell phone as your home phone with the Bluetooth®-powered Panasonic Link-to-Cell

The experience of using your cell phone at home has just been made even better with the Panasonic Link-to-Cell, powered by Bluetooth. The combination of Bluetooth power and Panasonic technology gives you the freedom of your cell and the comfort of extension phones in your own home. By connecting your cell phone to the Bluetooth-powered Panasonic Link-to-Cell, you can make or receive calls on all Panasonic-compatible handsets—in whichever room you happen to be. The Panasonic Link-to-Cell improves on short cell phone battery life, reduces the need for carrying the cell phone around with you and eliminates cell phone reception problems in your home.

KX-TG7645M
Link-to-Cell Bluetooth® Cellular Convergence Solution with 5 Handsets
- Link up to 2 Cell Phones • Bluetooth Headset Capability • Phonebook Copy from Cellular Phone via Bluetooth
- DECT 6.0 Plus Technology • All-Digital Answering System
- Power Back-Up Operation (Handset) • Reversible Handset Design
- Hands-Free Speakerphone on Base & Handset • Smart Wall Mount
- Talking Caller ID • Dial Keypad on Base • Intelligent Eco Mode
- Range Boost • Tone Equalizer • Call Block • Silent Mode

Dock-N-Talk™
Universal Cell Phone Docking Station and Charger
The patented Dock-N-Talk allows you to dock your cell phone and use your normal corded or cordless phones to make and receive your cell phone calls. Effectively turns your wireless service into "wired" service while docked. The Dock-N-Talk can extend cellular range and coverage and improve sound by docking where the cell signal is best.

• Detachable and Upgradeable Bluetooth Module • Multi-Status LED • Bluetooth Pairing Button • Ringer Button • Connects to Key or PBX Systems • Works with Self-monitoring alarm systems • Passes Caller ID to extension sets • Line Settings Switch • 2 RJ-11 Jacks • Voice Dialing • One-Touch Speed Dialing • Handles Call Waiting • Built-in Intercom • Connects to any Analog Telephone or Landline Monitoring Device • Color: Metallic Silver

Note: To connect an older cell phone using a cable, a corresponding connector (below) is required.

BADGER PART NUMBER:
DNTA100 Dock-N-Talk
DNTB100 Dock-N-Talk with Bluetooth®

Enterprise Cell Phone Docking Station Telephone and Charger
The Enterprise Telephone enables the direct docking of a cell phone so you can use its traditional handset and speakerphone. The Enterprise Phone can be used to copy phone directories to and from cell phones, access cell phone call logs and redial lists and create local directories. Cellular features, such as voice dialing, one-touch speed dialing and dialing from the cell phone are also provided.

• Large Graphical Backlit LCD Screen • New Call and Message LED • Speakerphone with Mute • Hold, Redial and Call Waiting Keys • 500 Name and Number Cell Phone Directory Transfer • 4-Way Scroll Button Callers • Callers Lists • Ringer, Speakerphone and Handset Volume Control • Detachable and Upgradeable Bluetooth Module • Last Number Redial Key • Ringing Mute • Accessory Port to connect extension sets • Color: Charcoal Grey

Note: To connect an older cell phone using a cable, a corresponding connector (below) is required.

BADGER PART NUMBER:
ENTE100 Enterprise Telephone
ENTB100 Enterprise Telephone with Bluetooth

Unity Combined Land Line and Cell Phone Docking Station Telephone and Charger
The Unity Telephone has all the features of the Enterprise Telephone above plus allows you to connect a traditional Land Line enabling you to make and receive calls from both a cell service and a Land Line service. In addition, you can share the ability to use cell phone directories between both services. You can also conference between your cell phone and Land Line calls. The Land Line interface can also be provided from a Dock-N-Talk (for a second cell phone) or an ATA (for VOIP service). Features in addition to those of the Enterprise Telephone include:

• Land Line Connection • Fails to POTS • Separate Land Line and Cell Phone Line Keys • Conference Land Line and Cellular Calls • Maintain Independent or Shared Phone Directories • Centrex-Compatible Dialing • Detachable and Upgradeable Bluetooth Module • Auto Call Forward of Land Line Calls • Color: Charcoal Grey

Note: To connect an older cell phone using a cable, a corresponding connector (below) is required.

BADGER PART NUMBER:
UNTU100 Unity Telephone
UNTB100 Unity Telephone with Bluetooth

Bluetooth or Cable Connectors
All “B” models above include the Bluetooth Module. To connect your cell phone to any of the non “B” docking station models, you’ll need to be certain your cell phone is compatible and purchase either a Bluetooth module or a cable.

BADGER PART NUMBER:
BT03 Bluetooth Module
EG2 Sony Ericsson
ET2 Ericsson
M11 Nextel 2-digit
M13 Nextel 3-digit
M51 Motorola StarTAC
MV3 Motorola Basic

More than 2,500 cell phones are compatible with Phone Lab's products including all Bluetooth models. For compatibility, contact your sales representative.

EG2 Cable shown (telephones not included)
A.D.A. COMPLIANT ANALOG AND VoIP EMERGENCY/ELEVATOR PHONES

• Superior automatic noise cancelling design for loud environments
• Complies with ASME A17.1 Elevator Code when used with LV-1K
• Phone Numbers and I.D. Announcement Stored in Non-Volatile Memory - Battery Back-Up Not Required
• Automatically Dials 4 Additional 1-20 Digit Numbers on Busy or No Answer

Analog: 1600A Series
• Analog PABX, CO Line or FXS Port powered - 2 Wire Installation
• Compatible With Central Station Monitoring
• 16 second I.D. Announcement
• Temperature range (-15° to 130° F) • DoD #215

VoIP: 1600-IP Series
• Integral 2 Amp Relay for Controlling Lights, Strobes, Door Strikes, Gate Openers, Door Chimes etc.
• Power over Ethernet (PoE) Class 1, < 4 Watts
• VoIP SIP based Protocol
• 28 Second I.D. Announcement
• Temperature range (-40° to 140° F) • DoD #255

The K-1900-7 is a Stainless Steel Panel Hot-Line Dialer Telephone
- Armored cable • Mounts on double gang box • Touch Tone or Pulse dialing phone • 0 to 32 digits
- Non-volatile memory • Batteries not required • Compatible with the Viking VE-5x10 mounting box
- For CO, Centrex, or PABX loop start lines • Will not dial on incoming calls • Vandal resistant

DOD #364
BADGER PART NUMBER:
K-1900-7
K-1900-7-EWP Optional Enhanced Weather Protection (EWP)
K-1900-6 Electronic network in K-1900 phones (use to convert other standard phones)
VE-5x10 Optional vandal resistant black surface mount box
VE-5x10-SS Optional vandal resistant stainless steel surface mount box
Q170600 Electronic ringer

K-1900-8
Stainless Steel Panel Hot-Line Dialer Phone with Keypad
- Auto dials 1 (up to 32 digits) programmable speed dial number • Programmable 6 digit security code
- Multi-number dialer mode adds 5 (up to 16 digits) speed dial numbers • Touch Tone programmable
- Touch Tone or pulse dialing • Touch Tone keypad • Non-volatile memory (no batteries required)
- Operates on analog PABX and key system extensions or analog Centrex and C.O. lines • Vandal resistant

The K-1500P-W is a Wall (No Dial) Telephone with Ringer
• No dial pad • Answer only applications such as ringdown, courtesy, emergency phone
• Compatible with ringdown circuits such as DLE-200B and DLE-300
DOD #355
BADGER PART NUMBER:
K-1500P-W Red Color
K-1500P-W-ASH Ash Color

K-1900-30
Touch Tone Dialer with Redialing
• Non-volatile E2 memory (no batteries required) • Compatible with analog phones
• Compatible with Viking E-series and K-series phones • Dials up to five 1-20 digit phone numbers
• Cycles thru phone numbers until answered • Programmable max call timer • 12V DC adapter included
• Local and remote Touch Tone programming • Ring-thru allows calling into the phone • Call status LED indicator
DOD #300
BADGER PART NUMBER:
K-1900-30

K-1900-4
Pulse Hot-Line Dialer Providing 1 to 16 Digit Pulse Dialing
• Program from any Touch Tone phone • Non-volatile memory • For CO, Centrex, or PABX loop start lines
• Will not dial on incoming calls • Converts any phone to a one-number pulse auto dialer when handset is lifted
DOD #315
BADGER PART NUMBER:
K-1900-4

K-1900-5
Touch Tone Hot-Line Dialer with Non-Volatile Memory
• For CO, Centrex, PABX loop start lines • Provides 1 to 32 digit Touch Tone dialing
• Can provide 1 and 4 second pauses as needed for use behind a PBX system, or to access a pager from an alarm contact, etc.
• Blocks hand-held dialers or pulse dial • Converts any phone to a one-number Touch Tone auto dialer when handset is lifted
DOD #317
BADGER PART NUMBER:
K-1900-5

K-1900-9
Powered Multi-Number Dialer
• Stores 100 telephone numbers in non-volatile E2 memory
• Operates on any standard loop start CO line or analog PABX/KSU station with Touch Tone phone
• When programmed as a multi-number dialer, the K-1900-9 will only allow the user to dial
  one of 100 programmed telephone numbers by entering the 1 or 2 digit code
• When programmed as a single number hot-line dialer, whenever the phone goes off-hook, the K-1900-9 will dial a single programmed number • AC power supply included
• The K-1900-9 is useful for any hot-line or speed dialing application
DOD #321
BADGER PART NUMBER:
K-1900-9

View our searchable electronic catalog at: www.badgercommunications.com
PAN-1
Panasonic Doorphone Station Adapter
- Interfaces in place of a Panasonic KX-T30865 or KX-T7775 doorphone
- All Panasonic doorphone/door station card programming options and features may still be used
- Increased audio performance over Panasonic’s doorphones
DOD #145
BADGER PART NUMBER:
PAN-1

TBB-1B
Talk Battery Booster
- Run line powered devices such as handsfree phones, hot-line dialers, digital announcers, etc.
- Increase maximum loop length on analog PABX/KSU stations • Use with wireless doorbox devices
- Modular connections for easy installation • Boosts talk battery voltage and loop current
- Use with optional higher voltage adapter to gain even more talk battery voltage
- Automatic polarity correction during installation
DOD #632
BADGER PART NUMBER:
TBB-1B

K-1900-6-IP
VoIP Compact Panel Phone with Auto Dialer and Relay Control
- Vandal Resistant 12 gauge 316 stainless steel front panel with permanent laser etched graphics.
- Heavy duty metal hook switch, armored cable and T-10 Security Torx drive mounting screws.
- Loud Ring with adjustable volume & cadence • Self diagnostics for testing relay
- Hearing aid compatible amplified handset with sealed push button volume control
- SPDT 2 Amp relay contacts for door/gate or camera control • Optional RC-4A for Secure Remote Relay Control
- SIP compliant • PoE powered (class 1, <4 watts) • Automatic Noise Canceling (ANC) feature for clear audio in noisy environments
- Network downloadable firmware • Standard K-1900-6-IP: 36” armored handset cable • K-1900-6-IP-EWP: 54” armored handset cable
- Cycles to up to 4 rollover phone numbers on busy or no-answer
- Optional Enhanced Weather Protection (EWP), EWP products are designed to meet IP66 Ingress Protection Rating
- Remotely programmable • Extended temperature range (-40°F to 140°F) • Selectable auto-answer feature for monitoring
DOD# 363
BADGER PART NUMBER:
K-1900-6-IP VoIP Compact Panel Phone with Auto Dialer, Relay Control
K-1900-6-IP-EWP VoIP Compact Panel Phone with Auto Dialer, Relay Control and Enhanced Weather Protection

K-1900-8-IP
VoIP Phone with Auto Dialer, Keypad, and Entry System
• Vandal Resistant 12 gauge 316 stainless steel front panel with permanent laser etched graphics
• Heavy duty metal hook switch, armored cable and T-10 Security Torx drive mounting screws
• Loud Ring with adjustable Volume & Cadence • Hearing aid compatible amplified handset with sealed push button volume control
• Two sets of SPDT 2 Amp relay contacts for door/gate or camera control • Optional RC-4A for Secure Remote Relay Control
• SIP compliant • PoE powered (class 2, <6.5 watts) • Automatic Noise Canceling (ANC) feature for operation in noisy environments
• Network downloadable firmware • 36” armored handset cable on K-1900-8-IP, 54” on EWP Models
• 26 Bit Wiegand input for optional proximity card readers • Programmable to speed dial up to 250 numbers
• Keyless entry codes and proximity card numbers can be programmed to only allow access at specific times and day of week
• Event logging with time and date stamp • Remotely programmable • Extended temperature range (-40°F to 140°F)
• Optional Enhanced Weather Protection (EWP), EWP products are designed to meet IP66 Ingress Protection Rating
• Zinc plated steel rough-in box included • Optional VE-5x10 and VE-5X10-SS Surface Mount Boxes
• Self diagnostics (testing: com, mic, speaker, and switch)
DOD #361
BADGER PART NUMBER: K-1900-8-IP VoIP Phone with Auto Dialer, Keypad, and Entry System
K-1900-8-IP-EWP VoIP Phone with Auto Dialer, Keypad, and Entry System with Enhanced Weather Protection

CPC-1
The CPC-1 Will Generate a CPC Disconnect Signal
• Phone Line Powered (No AC Needed)
• Generates CPC Disconnect On: Return to Dial Tone (Programmable), Busy Signal, reorder (Fast Busy), Steady Silence (Programmable)
• LED Shows: In Use, Audio Detected, Generated CPC Signal, Caller ID Compatible
DOD #442
BADGER PART NUMBER: CPC-1

TDR-1
Time Delay Relay
• Normally Open or Normally Closed Relays, programmable from 0.5 seconds to 30 seconds
• Initiate from a momentary contact • Can flash (one second on/off)
• Power supply included
DOD #421
BADGER PART NUMBER: TDR-1

LDB-2
Ring/Loop Detector
• Detects ring voltage and loop connect
• Screw terminal connections
• Adjustable time-out for relay closure
• Wall mountable with foam tape (included) or screws (not included) • Auxiliary 12V DC output
• Two sets of relay contacts provided • Selectable NO (normally open) or NC (normally closed) relay contacts
DOD #408
BADGER PART NUMBER: LDB-2

MTG-10
MTG-10 Multi-Tone Generator
• Provides 15 Different Tones such as Siren, Warble, Chimes, etc.
• Connects to paging amp - 600 Ohm input
• Background music fades during tones
• Evacuation whoop overrides other tones
• Power supply included • Provides conversation recording tones
DOD #482
BADGER PART NUMBER: MTG-10

LDB-1
Loop Detect Board with on Board 12-Volt Regulator (A-Lead Control)
• Provides a loop activated contact closure when used in series with telecom devices or analog phone lines
• Phone line powered • Contact outputs capable of 500 mA
• Optional PS-2 power supply for switched DC power
DOD #406
BADGER PART NUMBER: LDB-1

LDB-3
Advanced Loop and Ring Detector
• Monitors analog phone line for ring and/or off-hook condition
• Relay closure activates upon either or both conditions • Power supply included
• Applications: Ideal for use with two-button emergency phones, controlling a strobe or security camera trigger
DOD #409
BADGER PART NUMBER: LDB-3
Remote Access Devices

RAD-AMP
The RAD-AMP is an Amplified Remote Access Device
- Very accurate supervised disconnect on CPC, return of dial tone or busy signal • Integrates with SO-24A
- Applications: Amplified for DISA, “Call Divert” use • Dial “#2” to get new dial tone for new call
- Provides 2 levels of security before allowing access to DISA or line extenders • Dialing “#1” provides hook flash
- Telecommuting mode supports PABX/KSU features (transfers, voice mail, paging, etc.) to remote employees
DOD #415
BADGER PART NUMBER: RAD-AMP

RAD-1A
The RAD-1A is a Phone Line Powered Remote Access Device
- Designed to allow you to call from any Touch Tone phone and then remotely access paging systems, service observers, digital recorders, etc. • 3 sec - 59 min call timer • For advertisement, radio program, etc.
- Unit connects to any loop or ground start CO, Centrex, or PABX line • 600 Ohm output
- Answers on first ring and disconnects on CPC, Call time out/Silence time out, busy, or by dialing “#7”
DOD #410
BADGER PART NUMBER: RAD-1A

Toll Restrictors

TR-1
Programmable Tone or Rotary Toll Restrictor
- Override bypass code • Non-volatile memory • no batteries • Line powered
- Can block “Operator assisted”, “1+” long distance calls, 976 and 900 calls • Always allows 911 calls
- Program up to 40 specific area codes or exchanges to be allowed or restricted • 0.5 - 49.5 minute call timer
DOD #705
BADGER PART NUMBER: TR-1

Line Sharing Solutions

FAXJ1000
Phone/Fax Switch
- Four ports allow any four analog devices to share a single line
- Routes calls via CNG tone, distinctive ringing, touch tones sent by calling device or manually
- Transfer from one port to another as often as may be required during the same call
- Caller ID information is stored and retransmitted during transfer • Monitors for calling party control (CPC)
DOD #261
BADGER PART NUMBER: FAXJ1000

Line Status Indicators

SL-2
LED Strobe/Beacon Visual Indicator
- 4 Programmable Flash Patterns • Low current draw
- 6 Programmable Beacon and Strobe brightness settings • Immune to shock and vibration
- Shatter resistant polycarbonate lens
DOD #242
BADGER PART NUMBER: SL-2

Every effort has been made to ensure the integrity of this catalog. Badger Communications cannot be held responsible for any misrepresentation associated with any products due to omissions, typographic errors or misprints.
BLK-4-EWP
Line Status LED Strobe/Beacon Light Kit
- Control module and strobe light come with Enhanced Weather Protection (EWP). EWP products are designed to meet IP66 Ingress Protection Rating • 3/4" knockouts for connecting conduit, etc. • 4 programmable flash patterns
- 6 programmable beacon and strobe brightness settings • Immune to shock and vibration
- Flush mount or surface mount with weatherproof single gang box (included) • Durable polycarbonate lens
- Can be configured to signal: ringing, off-hook, or a combination of both ringing and off-hook (line in-use)
- Switched 12V DC output
- One set of (NO) normally open and (NC) normally closed relay contacts provided
- On/off switches for ring detection and off-hook/loop detection

DOD #654
BADGER PART NUMBER:
BLK-4-EWP

RG-4
1-Line Wall Mounted Ring Shaper/Booster
- True Sine wave ring signal output • Boosts ring to 4 REN • Caller ID compatible
- Easy installation • Compatible with distinctive ringing services • Will not affect normal line operation
- Reshapes troublesome square wave ringing • Not compatible with pulse dialing

DOD #416
BADGER PART NUMBER:
RG-4

RG-204
4 Line Ring Shaper/Booster
- True Sine wave ring signal output • Boosts ring to 4 REN • Caller ID compatible • Easy RJ-21X installation
- Compatible with distinctive ringing services • Fax and modem compatible • Not compatible with pulse dialing
- Will not affect normal line operation • Reshapes troublesome square wave ringing

DOD #417
BADGER PART NUMBER:
RG-204

RG-224
24 Line Ring Shaper/Booster
- True Sine wave ring signal output • Boosts ring to 4 REN • Caller ID compatible • Easy RJ-21X installation
- Compatible with distinctive ringing services • Fax and modem compatible • Will not affect normal line operation • Reshapes troublesome square wave ringing • Not compatible with pulse dialing

DOD #418
BADGER PART NUMBER:
RG-224

RG-10A
Ring Booster Rings 12 Additional Telecom Devices
- Increases ringing power to 12 REN • Includes 120 VAC PS
- Provides 90 VAC nominal • Caller ID, Custom Ring compatible
- Duplicates incoming ring freq, cadence
- Permits install of up to 12 add’l ringing phones or telecom devices

DOD #420
BADGER PART NUMBER:
RG-10A

View our searchable electronic catalog at: www.badgercommunications.com
LONG LOOP ADAPTERS

LLA-1
Long Loop Adapter
• Convert an analog KSU/PABX station to a standard voltage OPX
• Provides 48 VDC talk battery • Provides 20 Hz, 10 REN sine wave ringing
• Passes hook switch flash, CPC signals, Caller ID • DTMF; pulse dial compatible
• Electrically isolates PABX station from extended loop • Surge protects
DOD #615
BADGER PART NUMBER:
LLA-1

LLA-4
4 Channel Long Loop Adapter
• 4 Channel Version of the LLA-1
DOD #620
BADGER PART NUMBER:
LLA-4

TALK BATTERY

TBB-1B
Talk Battery Booster
• Run line powered devices such as handsfree phones, hot-line dialers, digital announcers, etc.
• Increase maximum loop length on analog PABX/NSU stations Use with wireless doorbox devices
• Modular connections for easy installation • Use with optional higher voltage adapter to gain even more talk battery voltage
• Automatic polarity correction during installation • Boosts talk battery voltage and loop current
DOD #632
BADGER PART NUMBER:
TBB-1B

RING DOWN CIRCUIT

DLE-200B
2-Way Ringdown Circuit Allows Communication Between 2 Devices
• Provides sales people with a cost effective method of conducting on-site demos
• Telephone line simulator for trade show demos or customer site
• Provides standard (2 sec on, 4 sec off) or custom 20 HZ ringing/32V talk battery
• Provides communication between virtually any 2 telecom devices including: Ringdown applications between elevator/emergency phone or phone systems
DOD #605
BADGER PART NUMBER:
DLE-200B

DLE-300
The DLE-300 is an Advanced 2-way Ringdown Circuit that Supports Very High Speed Data
• Simulates loop start phone lines • Allows 2-way communication between telecom devices or systems
• Produces precise dial, ringback, busy, reorder, and S.J.T tones • 911 mode for classroom training
• Audio input/output jack for amplified speaker or loading voice mail systems
• Provides name and number caller ID • High speed modem support • 120 AC power supply • Provides standard or distinctive ringing and 40V talk battery
DOD #607
BADGER PART NUMBER:
DLE-300

PHONE LINE INTERFACE

PB-100
PB-100 Polling System
• Allows Viking emergency phone customers to remotely poll up to 500 emergency phones to verify proper operation and/or programming
• Windows software as well as a serial port telecom interface • Logs of operational and non-operational phones
• Emergency phones by manufacturers that use DTMF recognition and identification may also be polled
DOD #232
BADGER PART NUMBER:
PB-100

Every effort has been made to ensure the integrity of this catalog. Badger Communications cannot be held responsible for any misrepresentation associated with any products due to omissions, typographic errors or misprints.
TELEPHONES AND ACCESSORIES

K-2000-DVA
The K-2000-DVA is a Multi-Input Voice Alarm Dialer and Announcer
• The K-2000-DVA will dial up to 8 numbers for each of its 8 triggered contact inputs and play a corresponding user-recorded announcement describing the alarm condition
• Stores up to (8) 32-digit phone numbers per input trigger (64 total)
• Unit may also be used as a store caster (no dialing) for on-site promotions in stores
• One minute of record time per input
DOD #303
BADGER PART NUMBER:
K-2000-DVA

K-202-DVA
Two-Input Voice Alarm Dialer
• Non-volatile memory (no batteries required) • 2 minutes of record time (1 minute per input)
• Stores up to seven 32-digit phone numbers (fourteen 32-digit numbers total)
• Two inputs programmable normally open or normally closed and enabled or disabled
• Programmable ring delay for remote programming and alarm polling • Call progress detection
• Remote security and access codes • Local or remote programming and recording
DOD #305
BADGER PART NUMBER:
K-202-DVA

C-1000B
Universal Door Entry System for Key, PABX, or Single Line Phones
• Allows 2 Viking doorboxes or paging amplifiers to share a phone line with a business phone system
• Caller ID compatible • Operates 2 door strikes or gate openers from a touch tone or rotary telephone
• Shares phone line with 2 door speaker units, without interfering with phone operation
DOD #168
BADGER PART NUMBER:
C-1000B

Doorboxes
Provide your customers with the security and convenience of conversing with visitors from their own phone prior to allowing entry. Installs on an unused trunk line input on electronic or 1A2 Key, single or multi-line 'No KSU' phones and PBX. When “call” button is pressed, unit rings phones up to 30 times or until answered. Provides 24V talk battery. Compatible with single-line systems when combined with the C-1000B.

W-1000
The W1000 is a Vandal Resistant, Flush Mount Doorbox
• 5” x 5” Black powder painted, aluminum flush mount unit • 6.0 REN output • Provides standard ringing
• Electrical mounting box supplied • Power Supply Included • Surface mount box available - Model VE-5xS
DOD #170
BADGER PART NUMBER:
W-1000
W-1000-EWP Optional Enhanced Weather Protection (EWP)
VE-5xS Optional vandal resistant black surface mount box
VE-5xS-SS Optional vandal resistant stainless steel surface mount box

View our searchable electronic catalog at: www.badgercommunications.com
### Handsfree Doorboxes

**W-2000A**
The W2000A is a Surface Mount Doorbox
- 5.5" x 4.5" x 1.5" surface mount unit in a durable plastic case • 6.0 REN output
- Mountable on a single gang electrical box • Power supply included

BADGER PART NUMBER:
- W-2000A
- W-2000A-EWP Optional Enhanced Weather Protection (EWP)
- E-20-IP-EWP
- E-20-IP
- VE-5x5-SS
- VE-5x5
- E-10A-E
- E-10B
- W-3005-EWP
- W-3005
- W-2000A-EWP
- W-2000A

**W-3000**
The W3000 is a Vandal Resistant, Flush Mount Doorbox
- 5" x 5" brushed 14 Gauge stainless steel, flush mount unit • 6.0 REN output
- LED indicates switch location and call progress • Can generate custom ringing
- Electrical mounting box supplied • Power supply included

BADGER PART NUMBER:
- W-3000
- W-3000-EWP Optional Enhanced Weather Protection (EWP)
- VE-5x5 Optional vandal resistant black surface mount box
- VE-5x5-SS Optional vandal resistant stainless steel surface mount box

**W-3005**
The W-3005 is a Handsfree Video Doorbox
- Built-in high resolution color video camera • Wide operating temperature of -15°F to 130°F
- Audio and video transmission on one CAT5E cable • Vandal resistant
- Optional Enhanced Weather Protection (EWP)

BADGER PART NUMBER:
- W-3005
- W-3005-EWP Optional Enhanced Weather Protection (EWP)
- VE-5x5 Optional vandal resistant black surface mount box
- VE-5x5-SS Optional vandal resistant stainless steel surface mount box

### Door Entry Phones

**E-10A / E-20B**

Speaker Phones
- Alternate action call button to place or cancel a call
- Automatic hang-up on CPC, silence, busy signal, or time out
- Telephone line powered • Adjustable microphone and speaker volume
- Programmable maximum call length • Selectable auto-answer feature allows remote monitoring
- Optional Enhanced Weather Protection (EWP)

BADGER PART NUMBER:
- E-10A Vandal resistant, black powder painted, aluminum face plate with heavy duty metal call button and mounting gasket
- E-20B Light gray colored, impact resistant, plastic chassis, surface mountable only
- E-10A-EWP Optional Enhanced Weather Protection (EWP)
- E-20B-EWP Optional Enhanced Weather Protection (EWP)
- VE-5x5 Optional vandal resistant black surface mount box
- VE-5x5-SS Optional vandal resistant stainless steel surface mount box
- E-10-IP VoIP Entry Phone with Relay
- E-10-IP-EWP VoIP Entry Phone with Relay and Enhanced Weather Protection
- E-20-IP VoIP Entry Phone with Relay
- E-20-IP-EWP VoIP Entry Phone with Relay and Enhanced Weather Protection

Every effort has been made to ensure the integrity of this catalog. Badger Communications cannot be held responsible for any misrepresentation associated with any products due to omissions, typographic errors or misprints.
E-30
Hands-free Emergency Speaker Phone
- Analog PABX, CO line or FXS port powered entry or emergency phone
- Vandal resistant, stainless steel faceplate with metal call button
- Non-volatile E2 memory
- Touch Tone or pulse dialing • Programmable to dial up to 5 numbers
- Optional VE-5x5 surface mount box

E-30-PT
Push to Talk Entry Speaker Phone
- Push to talk button • Phone line powered • Touch Tone/Pulse dialing
- Vandal resistant, stainless steel faceplate with heavy-duty metal call button
- Non-volatile E2 memory • Programmable to dial up to 5 numbers on busy or ring no answer

E-35
Handsfree Speaker Phone with Dialer and Color Video Camera
- Built-in CMOS camera with 420 lines of resolution • Audio and video transmission on one CAT5E cable
- Automatically dials five 1-20 digit phone numbers

DOD #212
BADGER PART NUMBER:
E-30
E-30-EWP Optional Enhanced Weather Protection (EWP)

**E-50 Series**
Compact Entry Phones with Color Video Camera
- Built-in high resolution color video camera with wide angle viewing and tilt/swivel adjustments
- Audio and video transmission on one CAT5 cable
- Flush mounts in single gang electrical box or surface mounts in a Viking model VE-3xS (not included)
- Selectable auto answer feature for monitoring • Available in 4 attractive finishes
- Optional Enhanced Weather Protection (EWP) available

**DOD #191**

**BADGER PART NUMBER:**
- E-50-BK Satin Black entry phone
- E-50-BK-EWP Optional Enhanced Weather Protection (EWP)
- E-50-BN Oil rubbed Bronze entry phone
- E-50-BN-EWP Optional Enhanced Weather Protection (EWP)
- E-50-SS Stainless Steel entry phone
- E-50-SS-EWP Optional Enhanced Weather Protection (EWP)
- E-50-WH Satin White entry phone
- E-50-WH-EWP Optional Enhanced Weather Protection (EWP)
- VE-3xS Optional vandal resistant black surface mount box (shown)

---

**E-40 Series**
Compact and Attractive Entry Phones
- Mounting: Flush mounts in single gang electrical box or surface mounts in a Viking model VE-3xS (not included) • Available in 4 attractive finishes • Optional Enhanced Weather Protection (EWP) available

**DOD #187**

**BADGER PART NUMBER:**
- E-40BK Satin Black entry phone
- E-40-BK-EWP Optional Enhanced Weather Protection (EWP)
- E-40BN Oil rubbed Bronze entry phone
- E-40BN-EWP Optional Enhanced Weather Protection (EWP)
- E-40SS Stainless Steel entry phone
- E-40SS-EWP Optional Enhanced Weather Protection (EWP)
- E-40-WH Satin White entry phone
- E-40-WH-EWP Optional Enhanced Weather Protection (EWP)
- VE-3xS Optional vandal resistant black surface mount box

---

**E-60 Series**
Double Gang Entry Phones with LED
- Flush mounts in a double gang electrical box or surface mounts in a Viking model VE-5x5
- Blue LED helps locate the push button, indicate ringing and off-hook • Telephone line powered • Microphone and speaker volume controls
- Programmable Intelligent call progress detection for automatic hang-up on CPC, silence, busy signal, or time out
- Optional Enhanced Weather Protection available (EWP, recommended for outdoor applications) • Available in 4 attractive finishes

**DOD #206**

**BADGER PART NUMBER:**
- E-60-BK Satin Black entry phone
- E-60-BK-EWP Optional Enhanced Weather Protection (EWP)
- E-60-BN Oil rubbed Bronze entry phone
- E-60-BN-EWP Optional Enhanced Weather Protection (EWP)
- E-60-SS Stainless Steel entry phone
- E-60-SS-EWP Optional Enhanced Weather Protection (EWP)
- E-60-WH Satin White entry phone
- E-60-WH-EWP Optional Enhanced Weather Protection (EWP)
- VE-5xS Optional vandal resistant black surface mount box
- VE-5xS-SS Optional vandal resistant stainless steel surface mount box
E-60-IP Series
Double Gang Mount VoIP Entry Phones
- Self diagnostic reports via email (testing com, mic, speaker & switch)
- Automatic polling and programming software included
- 2 Amp relay contacts for door/gate or SL-2 strobe light control
- Optional RC-4A Secure Relay Controller
- Blue LED indicator
- SIP compliant
- PoE powered (class 1, <4 watts)
- Automatic Noise Canceling (ANC) feature for proper operation in noisy environments
- Network downloadable firmware
DOD# 250
BADGER PART NUMBER:
E-60-SS-IP Double Gang Mount VoIP Entry Phones, Brushed Stainless Steel

E-70-SS-EWP Optional Enhanced Weather Protection (EWP)
E-70-WH Satin White entry phone
E-70-WH-EWP Optional Enhanced Weather Protection (EWP)
VE-5x5 Optional vandal resistant black surface mount box
VE-5x5-SS Optional vandal resistant stainless steel surface mount box
### E-75 Series
**Double Gang Video Entry Phones with Prox Card Reader**
- Built in Color Video Camera with wide viewing angle and tilt/swivel adjustments
- Built in Proximity Card Reader Interface with Red LED: Standard 26-bit Wiegand
- Blue Push Button Locating LED • Optional Enhanced Weather Protection (EWP) available

**BADGER PART NUMBER:**
- **E-75-BK** Satin Black entry phone
- **E-75-BK-EWP** Optional Enhanced Weather Protection (EWP)
- **E-75-BN** Oil rubbed Bronze entry phone
- **E-75-BN-EWP** Optional Enhanced Weather Protection (EWP)
- **E-75-SS** Stainless Steel entry phone
- **E-75-SS-EWP** Optional Enhanced Weather Protection (EWP)
- **E-75-WH** Satin White entry phone
- **E-75-WH-EWP** Optional Enhanced Weather Protection (EWP)
- **VE-5x5** Optional vandal resistant black surface mount box
- **VE-5x5-SS** Optional vandal resistant stainless steel surface mount box

### K-1200
**Multi-Button Handsfree Entry Phone**
- Stand alone door entry solution for up to 12 apartments or offices
- Integral directory with tenant’s name beside each button • Can dial cell phone if no answer
- The tenant can “Buzz” the visitor in from a phone • Shown in optional VE-5x10-SS surface mount box

**BADGER PART NUMBER:**
- **K-1200**
- **K-1200-EWP** Optional Enhanced Weather Protection (EWP)
- **K-1205** Multi-button handsfree entry phone with camera
- **K-1205-EWP** Optional Enhanced Weather Protection (EWP)
- **VE-5x10** Optional vandal resistant black surface mount box
- **VE-5x10-SS** Optional vandal resistant stainless steel surface mount box (shown)

### E-10/20/30/32-IP
**VoIP Entry Phones**
- Self diagnostic reports via email (testing com, mic, speaker & switch) • Automatic polling and programming software included
- 2 Amp relay contacts for door/gate or SL-2 strobe light control • Blue “Call Connected” LED indicator (E-30/E-32-IP only)
- SIP compliant • PoE powered (class 1, <4 watts) • Automatic Noise Canceling (ANC) feature for proper operation in noisy environments
- VoIP eliminates the need for “Push to Talk” mode • Network downloadable firmware • T-10 Torx security screws for added security • Handsfree operation
- Marine grade 316 stainless steel prevents corrosion on the stainless steel models • Laser etched graphics on stainless steel models
- Programmable to dial up to 5 numbers on busy or ring no answer • Cycles through backup phone numbers on busy or no-answer
- Volume adjustments for microphone and speaker • Hangs up on busy signal, time-out or touch tone command • Remotely programmable
- Optional Enhanced Weather Protection (EWP), EWP products are designed to meet IP66 Ingress Protection Rating, see DOD# 859
- E-10-IP and E-32-IP are flush mountable using the included rough-in box or can be surface mounted using an optional VE-5x5 Surface Mount Box (DOD# 424)
- E-32-IP flush mounts in a standard double gang electrical box (not included) or can be surface mounted using an optional VE-5x5 Surface Mount Box (DOD# 424)

**BADGER PART NUMBER:**
- **E-10-IP** VoIP Speaker Phone with Call Button and Black Aluminum Faceplate, Flush Mount
- **E-10-IP-EWP** E-10-IP with Enhanced Weather Protection (EWP)
- **E-20-IP** VoIP Speaker Phone with Push Button, UV Stable Plastic, Surface Mount
- **E-20-IP-EWP** E-20-IP with Enhanced Weather Protection (EWP)
- **E-30-IP** VoIP Handsfree Speaker Phone, Vandal Resistant 14 Gauge Louvered Stainless Steel, Flush Mount
- **E-30-IP-EWP** E-30-IP with Enhanced Weather Protection (EWP)
- **E-32-IP** VoIP Handsfree Speaker Phone, Vandal Resistant 14 Gauge Louvered Stainless Steel, Flush Mount
- **E-32-IP-EWP** E-32-IP with Enhanced Weather Protection (EWP)

**Entry Systems**

**K-1700-IP Series**

**VoIP Stainless Steel Entry Phone with Built-In Keypad and Entry System**

The K-1700-IP Series entry phones provide a tough and attractive handsfree phone for apartment, and residential door entry or applications requiring a vandal resistant VoIP speaker phone. The K-1700-IP Series VoIP Entry Phones are designed to provide quick and reliable handsfree communication for SIP VoIP phone systems with PoE. The K-1700-IP Series entry phones can be programmed from any PC on the same LAN or remotely using a Static IP Address. The Entry phones can dial up to 250 programmable numbers. The K-1700-IP Series entry phones are available in two attractive finishes: “brushed stainless steel” and “oil rubbed bronze”.

- Provides up to 1,000 proximity card numbers
- Keyless entry codes and proximity card numbers can be programmed to only allow access at specific times and day of week - Call logging with time and date stamp
- Optional Enhanced Weather Protection (EWP), EWP products are designed to meet IP66 Ingress Protection Rating, see DOD# 859 - Hangs up on busy signal, time-out or touch tone command

**BADGER PART NUMBER:**

- **K-1700-BN-IP** VoIP Oil Rubbed Bronze Entry Phone with Built-In Keypad and Entry System
- **K-1700-BN-IPEWP** VoIP Oil Rubbed Bronze Entry Phone with Built-In Keypad, Entry System with Enhanced Weather Protection
- **K-1700-IP** VoIP Stainless Steel Entry Phone with Built-In Keypad and Entry System
- **K-1700-IP-EWP** VoIP Stainless Steel Entry Phone with Built-In Keypad and Entry System with Enhanced Weather Protection
- **K-1705-BN-IP** VoIP Oil Rubbed Bronze Entry Phone with Built-In Entry System and Analog Color Video Camera
- **K-1705-BN-IPEWP** VoIP Oil Rubbed Bronze Entry Phone with Built-In Entry System, Analog Color Video Camera and Enhanced Weather Protection
- **K-1705-IP** VoIP Stainless Steel Entry Phone with Built-In Entry System and Analog Color Video Camera
- **K-1705-IP-EWP** VoIP Stainless Steel Entry Phone with Built-In Entry System, Analog Color Video Camera and Enhanced Weather Protection  
- **K-1705-BN** VoIP Oil Rubbed Bronze Entry Phone with Built-In Entry System & Proximity Card Reader
- **K-1705-BN-IPEWP** VoIP Oil Rubbed Bronze Entry Phone with Built-In Entry System & Proximity Card Reader and Enhanced Weather Protection
- **K-1707-IP** VoIP Stainless Steel Entry Phone with Built-In Entry System & Proximity Card Reader
- **K-1707-IP-EWP** VoIP Stainless Steel Entry Phone with Built-In Entry System & Proximity Card Reader and Enhanced Weather Protection
- **K-1775-BN** VoIP Oil Rubbed Bronze Entry Phone with Built-In Entry System, Proximity Card Reader, Analog Color Video Camera, and Enhanced Weather Protection
- **K-1775-IP** VoIP Stainless Steel Entry Phone with Built-In Entry System, Proximity Card Reader, and Analog Color Video Camera
- **K-1775-IP-EWP** VoIP Stainless Steel Entry Phone with Built-In Entry System, Proximity Card Reader, Analog Color Video Camera, and Enhanced Weather Protection

**K-1700-3**

**Vandal Resistant, Handsfree Speakerphone**

- Provides a tough and attractive handsfree phone for apartment and door entry applications
- Complete with a standard, flush mount, steel rough-in box - CPC disconnect time: 500ms
- When “call” button is pressed, the K-1700-3 returns dial tone - LED in-use indicator - Keypad then may be used to dial any number
- Also disconnects by pressing the “call” button - Zinc-plated steel, rough-in box with (2) 3/4” conduit knockouts
- If no Touch Tone is entered within 6 seconds, or fast or slow busy signal is returned, it auto disconnects
- Applications:
  - Apartment and Door entry when used with K-1900-3
  - Courtesy phone
  - ATM phone
  - Security or Emergency phone
  - Hot Line phone when used with K-1900-5 Hot Line Dialer
- An optional vandal resistant, surface mount box is available (VE-6x7)
- Available in two standard faceplate finishes: Brushed Stainless Steel or Oil Rubbed Bronze

DOD #157, DOD #159

**BADGER PART NUMBER:**

- **K-1700-3**
- **K-1700-3-EWP** Optional Enhanced Weather Protection (EWP)
- **K-1700-3-BN** Oil rubbed bronze entry phone
- **K-1700-3-BN-EWP** Bronze optional Enhanced Weather Protection (EWP)
- **K-1705-3** Video entry phone with keypad
- **K-1705-3-EWP** Optional Enhanced Weather Protection (EWP)
- **K-1705-3-BN** Oil rubbed bronze video entry phone
- **K-1705-3-BN-EWP** Bronze optional Enhanced Weather Protection (EWP)
- **VE-6x7** Optional vandal resistant black surface mount box
- **VE-6x7-SS** Optional vandal resistant stainless steel surface mount box

*View our searchable electronic catalog at: www.badgercommunications.com*
K-1900-3
250 Number Apartment Auto Dialer
• Visitor enters 1 to 3 digits on touch-tone phone located in entry way, then dials associated apartment
• After conversing with visitor, renter can “Buzz” visitor in by dialing 1 or 2 digits on Touch Tone phone
• Dialer provides adjustable timed relay closure for door openers or strikes
• Compatible with Viking’s vandal resistant K-1700-3, K-1900-8 or any Touch Tone phone
DOD #312
BADGER PART NUMBER:
K-1900-3

PRX-C
26-Bit Wiegand Proximity Card
• Non-contact security card can be placed in front of the Viking Card Reader to allow entrance into a secured area
• Thick plastic to resist bending and folding • Pre-programmed standard 26-bit Wiegand format
• Slot provided at one end to allow a strap to create a “dog tag” style neck strap
• 3 digit facility code, 5 digit card number • Card number can be offset by a fixed value
DOD #198
BADGER PART NUMBER:
PRX-C

AES-2000S
ADA Compliant Entry System (Surface Mount)
The Accessible Entry System is a handsfree phone with built-in auto-dialer, which will allow access to apartment/office buildings by using existing public telephone lines. In order to assist people of varying abilities, the “directory” is displayed on a LCD as well as an audible announcement. The system is housed behind a stainless steel panel with keypad and control buttons. An analog telephone line and low voltage wiring must be available for operation.
• Digital directory can handle up to 525 names and phone numbers • Non volatile memory • Door strike contacts • Postal lock input
• Remote recording and programming • Designed to help meet ADA requirements
DOD #202
BADGER PART NUMBER:
AES-2000S
AES-2000F  Flush mount
AES-2000S  Video phone, surface mount
AES-2000SF Video phone, flush mount
ERAM-4M Expansion memory kit

PRX-1
Proximity Card Reader
• Read range of up to 6 inches • Standard 26-bit Wiegand interface
• HID compatible • Potted for indoor or outdoor use
• Pigtail connection for easy installation
• Red LED indicates power and flashes off during card read
• Transducer provides beep during card read
DOD #221
BADGER PART NUMBER:
PRX-1

PRX-2
Proximity Card Reader with Keypad
• Read range of up to 6 inches • Standard 26-bit Wiegand interface
• Mounts to a standard single gang electrical box
• HID compatible • Red LED shows activity
• Potted for indoor or outdoor use
• Pigtail connection for easy installation
• Beep tones acknowledge key strokes
• Programmable Facility Code stored in nonvolatile memory (no batteries required)
• Can be mounted directly to a metal surface
DOD #219
BADGER PART NUMBER:
PRX-2
PRX-3

Medium Range Proximity Card Reader
- Read range of up to 16 inches • Standard 26-bit Wiegand interface • HID compatible • Pigtail connection for easy installation
- Transducer provides beep during card read • Surface mounts to non-metallic wall, post or single gang electrical box.
- Mounts to Viking VE-GNP Series gooseneck pedestal’s with optional PRX-3-MK-GNP or PRX-3-MK VEGNP mounting kits
- Designed for outdoor use, the PRX-3 comes standard with Enhanced Weather Protection (EWP) (see DOD# 859)
- PRX-3 is designed to meet IP66 Ingress Protection Rating (see DOD# 859)
- Four red LED’s indicates power and flashes off during card read

DOD #228
BADGER PART NUMBER:
PRX-3

PRX-3-MK-GNP & PRX-3-MK-VEGNP

PRX-3 Mounting Kits
- PRX-3-MK-GNP allows the PRX-3 to be mounted directly to a Viking VE-GNP gooseneck pedestal
- PRX-3-MK-VEGNP allows the PRX-3 and a Viking entry phone (with surface mount box) to be mounted directly to a Viking VE-GNP gooseneck pedestal
- PRX-3-MK-VEGNP mounting plate can be mounted horizontally or vertically to allow the PRX-3 to be positioned on the left, right, top or bottom of the entry phone with VE-5x5 or VE-6x7 surface mount box
- Mounting plates are made from durable 3/8 inch thick black UV stable textured ABS plastic
- Mounting hardware is included with each kit
- PRX-3-MK-VEGNP kit also provides a gasket for sealing the back side of the VE surface mount box

DOD #229
BADGER PART NUMBER:
PRX-3-MK-GNP
PRX-3-MK-VEGNP

PRX-4

Keypad with Wiegand Output
- Allows keyless entry for select Viking apartment or office entry systems • Compatible with the AES-2000, ES-3, ES-1 and C-4000
- Standard 26-bit Wiegand interface • Potted for indoor or outdoor use • Pigtail connection for easy installation
- Red LED shows activity • Screw protection caps • Beep tones acknowledge key strokes

DOD #199
BADGER PART NUMBER:
PRX-4

PRX-5

Mullion-Mount Proximity Card Reader with Keypad
- Read range of up to 5 inches • Reader Format: 26-bit Wiegand • Keypad formats: 26-bit Wiegand (default) and 8-bit burst
- Use with Viking models PRX-C, PRX-C-ISO, PRX-FOB and LRT-4
- Designed for outdoor use, the PRX-5 comes standard with Enhanced Weather Protection (EWP)
- PRX-5 is designed to meet IP66 Ingress Protection Rating • Mounts to a standard single gang electrical box
- Red LED shows activity • Beep tones acknowledge key strokes • Can be mounted directly to a metal surface

DOD #224
BADGER PART NUMBER:
PRX-5

ES-3

Entry System Door Controller
- Entry system door controller designed to operate a door strike or magnetic lock upon receiving a valid card read from a Wiegand device when used with the AES-2000
- Inputs may be either normally open (NO) or normally closed (NC) contacts
- Applications: High-rise apartment buildings, Condos, Gated communities

DOD #195
BADGER PART NUMBER:
ES-3
ES-1
Stand Alone Door Controller Entry System
• Add Keyless Entry and/or Card Reader Entry for a Single Door with Up to 250 Users
• Programmable with a Touch Tone phone • Use with any 26-bit Wiegand device • Supports 1 entry point
• Compatible with Viking models PRX-1, PRX-2, PRX-3 and PRX-4 • Non-volatile memory (no batteries required)
DOD #193
BADGER PART NUMBER:
ES-1

K-1200-IP Series
VoIP Entry Phone System with 12 Button Auto Dialer
• Vandal Resistant 14 gauge marine grade 316 stainless steel faceplate with permanent laser etched graphics.
• Heavy duty metal keypad buttons • T-10 Security Torx drive mounting screws • PoE powered (class 2, <6.5 watts)
• SIP compliant • Automatic Noise Canceling (ANC) feature for operation in noisy environments
• Two sets of SPDT 2 Amp relay contacts for door/gate or camera control
• Optional RC-4A for Secure Remote Relay Control • Network downloadable firmware
• 26 Bit Wiegand input for optional proximity card readers • Programmable to speed dial up to 12 numbers
• Cycles to roll over phone number on busy or no-answer
• Program up to 1,000 keyless entry codes and/or proximity card numbers
• Keyless entry codes and proximity card numbers can be programmed to only allow access at specific times and day of week
• Event logging with time and date stamp
• Optional Enhanced Weather Protection (EWP), EWP products are designed to meet IP66 Ingress Protection Rating
• Hangs up on busy signal, time-out or touch tone command • Remotely programmable
• Extended temperature range (-40°F to 140°F)
DOD# 271, 272, 273 and 274
BADGER PART NUMBER:

D44 350mm x 108mm (44 Names)
D56 425mm x 108mm (56 Names)

LRT-4
Long Range 4 Channel Transmitter
• Up to 500ft range (line of sight)
• Convenient Key Fob design
• 4 buttons to activate up to 4 different Wiegand devices
• Secure, Rolling Code + Encryption, digital, anti-playback wireless transmission
• Integrated 125KHz proximity module for close range access credential
• Replaceable CR2032 battery lasts up to 500,000 button presses
• Robust buttons rated for up to 1 million activations
• LED to indicated button press and battery strength
• Internal silicon diaphragm/gasket seals circuit board from moisture and debris
DOD# 226
BADGER PART NUMBER:
LRT-4
# Door Entry Controllers

## SRC-1
### Secure Relay Controller
- User touch tone programmable • Non-volatile memory • retains programming during power outage
- Programmable relay activation time • Programmable relay activation code • Operates on any 12-24V AC/DC power source
- LED’s for power / relay activation • Trigger input for contact closure from postal lock, request to exit, etc
- Programmable allow/restrict for dialing from entry phone and for keyless entry from entry phone • 32 keyless entry codes

**DOD #176**  
**BADGER PART NUMBER:** SRC-1

## C-3000
### Apartment/OFFICE Entry System
- Provides secure multi-tenant building access, without the need for CO lines; the only requirement is that each tenant have a touch-tone telephone set wired to their apartment
- Performs equally well in installations where CO lines are present • Unique entry codes for each tenant
- Each module has 12-tenant capacity; for larger applications, a maximum of eight (8) C-3000 modules can be interconnected, for a total system capacity of up to 96 tenants.
- From either of two entry doors, visitors may ring a tenant’s telephone with a distinctive cadence
- Tenant may converse freely with the visitor via their existing telephones
- Tenant can elect to allow the visitor entry, by entering a single touch-tone on the keypad of tenant’s telephone set
- Postal lock feature also supplied as added convenience • Codes can be easily changed as tenants move

**DOD #162**  
**BADGER PART NUMBER:** C-3000

## C-4000
### Apartment/OFFICE Entry Controller
- Converts any four Touch Tone phones into multi-number auto dialers storing up to 250 telephone numbers in non-volatile memory.
- Use with Viking’s K-1700-3 or K-1900-8 phones to provide vandal resistant handsfree or handset communication from entry points to apartments or offices. When a call initiated by the C-4000 is answered by an apartment or business tenant, a built-in contact closure may be activated to control an electric gate or door strike.
- Up to 250 entry codes may be programmed providing tenants with keyless entry or optional Card Readers may be added for Proxy card entry.
- Can be programmed locally or remotely using a standard Touch Tone phone. Built-in user dialing restriction helps prevent unauthorized calls and toll fraud.

**DOD #164**  
**BADGER PART NUMBER:** C-4000

## RC-4A
### Network Enabled Relay Controller
- Terminal strip connections for normally open, normally closed, and common for all four relays
- Relays can be toggled or timed closures of from 1 to 99 seconds can be activated
- Terminal strip connections for all four sensor inputs • Notification by email or text message of sensor input state change
- Can be used as a secure remote relay for Viking VoIP series phones
- Remote Interaction: sensor change on one RC-4A triggers relay activation of a second RC-4A across network
- Ready-to-use webpage control interface • Encrypted login
- Two levels of access based on login:
  - Administrator (full access)
  - Guest (programmable limits)

**DOD #582**  
**BADGER PART NUMBER:** RC-4A

---

View our searchable electronic catalog at: [www.badgercommunications.com](http://www.badgercommunications.com)
### Door Entry Controllers

**RC-3**
Remote DTMF Controller, 3 Relay Contacts, Alarm Activated Dialer
- Controls Door Strikes/Gate Openers from a touch tone phone
- Can activate 3 relay contacts
- Operates with or without security codes • 12V talk battery
- Cascade 3 RC-3s for up to 9 outputs

**BADGER PART NUMBER:**

**RC-3**

**DOD #165**

**C-200**
Basic Single Entry Phone Interface
- Allows single line telephones or a telephone system to share a phone line with a door entry phone
- House phones ring with C.O. line cadence or distinctive ring when the entry phone "Call" button is pressed
- Compatible with these Viking entry phones: E-10A, E-20B, E-30, E-40 and E-50
- Produces double "Call Waiting" tones if the entry phone is activated when the house phones are ready on a call • One set of normally open closed contacts available for operating a doorbell, camera, lights, etc.

**BADGER PART NUMBER:**

**C-200**

**DOD #169**

**C-250**
Entry Phone Controller and Call Router
- Allows single line telephones or a telephone system to share a phone line with a door entry phone
- House phones ring with C.O. line cadence or distinctive ring when the entry phone is calling
- Built in five number dialer • Detects busy or ring no answer and goes onto the next number
- Built in door strike relay with 1 or 2 digit commands • Postal lock input
- Compatible with all E Series or K Series Viking Phones, or use with any analog phone
- Produces "Call Waiting" tones if the entry phone is activated when the house phones are already on a call

**BADGER PART NUMBER:**

**C-250**

**DOD #172**

**C-500**
Advanced Two Door Entry Phone Controller with Call Forwarding
- Allows single line telephones or a telephone system to share a phone line with two Viking entry phones
- Distinctive ringing, programmable entry phone Caller ID or beep tones allow you to distinguish front and back door entry calls from CO calls
- Stackable - connect up to four C-500's to control up to eight entry points • Built in five number call forwarding dialer
- Two N.O./N.C. (SPDT) 5A door strike relays with 1 or 2 digit activation commands • Up to 6 different keyless entry codes
- Auto answer for remote programming, relay control and monitoring • Produces "Call Waiting" tones if the entry phone is activated when the house phones are on a call • Compatible with the following Viking entry phones: E-10A, E-20B, E-30, E-35, E-40, E-50, E-60, E-65, E-70, E-75, K-1500-7, K-1700-3, K-1705-3, K-1900-8, or use with any analog touch tone phone.

USB Add-On Devices

ZoomSwitch™ makes headset accessories that add powerful functionality to desk phone headsets.

The ZoomSwitch ZMS series allows you to connect your office headset to your phone and computer, and switch between them at the touch of a button. It’s simple and powerful. By adding USB connectivity, the ZoomSwitch ZMS series enhances the value of your headset investment.

With the ZMS Series, you can:
- Make calls using Microsoft Lync, Jabber, Skype and other popular soft phone solutions
- Listen to music between calls
- Review voicemail messages from your phone’s system or from the computer
- Dictate into speech recognition software
- Participate in on-line video conference calls
- Listen to online webinars, training sessions, and product demos
- Use your headset to add high-quality audio to video chats

ZMS20-UC
Turns your phone headset into a USB headset, featuring:
- Optimized for use with leading Unified Communications solutions such as Lync, Jabber & Skype
- Built-in mute button
- Volume control (in USB mode)
- Stereo mix-down takes allows both channels of stereo to play clearly through mono phone headsets
- Cisco IP phone compatibility
- Avaya HIC-1 compatibility
- Improved circuitry
- Additional compatibility switch
- Green and red LED Lights to indicate whether you are in phone or USB mode

BADGER PART NUMBER:
ZMS20-UC

ZMS10-C
Turns your phone headset into a USB headset, featuring:
- Stereo mix-down takes allows both channels of stereo to play clearly through mono phone headsets
- Cisco IP phone compatibility
- Avaya HIC-1 compatibility
- Improved circuitry
- Additional compatibility switch
- Green and red LED lights to indicate whether you are in phone or USB mode

BADGER PART NUMBER:
ZMS10-C

ZoomSwitch Trainer™
The ZoomSwitch Trainer allows you to add a second wireless or corded headset to your calls for supervising and training people on calls. Unlike other training switches, the ZoomSwitch Trainer is simple to set up and use.

BADGER PART NUMBER:
ZoomSwitch Trainer

ZoomSwitch Analog™
Simple to use switch to connect your corded or wireless telephone headset to your PC. Works through the PC’s sound card and speaker ports.
- Simple to use and setup
- Switch between your computer and telephone at the touch of a button
- Enhances your current phone headset (with a modular handset connector) by allowing it to work on your computer

BADGER PART NUMBER:
ZoomSwitch Analog
